A Quality products from the  
house of OREVA

WIDE RANGE OF  
**LED  
LIGHTING**

THE POWER OF TECHNOLOGY & INNOVATION

## When Passion meets Precision, Perfection is born!

**The Great Visionary Man**, Lt. Shri. Odhavji Bhai R. Patel, laid the foundation of an organisation, namely “**Ajanta Transistor Clock Manufacturing Company**”, in the year 1971, which started manufacturing of Wall Clocks and achieved several milestones including the major feat of becoming the “**World's Largest Clock Manufacturing Company**”. It later diversified into various business verticals such as Lighting Products (CFLs & LED Lighting), E-Bike (Battery operated Bike), Home Appliances, Fans, Heating Appliances, Electrical Accessories, Electronic Products (Telephones, Calculators, LED TV etc) and Watches.

Ajanta Transistor Clock Manufacturing Company and its sister concern Ajanta Manufacturing Pvt. Ltd. (**Oreva Group**), are the well-known companies, expertise in manufacturing of various products, having strong infrastructure with “**2 huge manufacturing plants**”, massively spread over 250 acres of land, one at Morbi (Rajkot District) and another at Samakhiyali (Kutch District), in Gujarat. The Plants have the complete set up of “**in-house manufacturing facility**” integrated with the “**state-of-art R & D Lab**” and firmly adhere to fulfil the Government's vision of “**Make-in-India**”. The group of companies have determined to encourage “**Women Empowerment**” and has the workforce of around 5,000 women employees. The company has “**won many prestigious awards**” from various government bodies and as a result, “**Oreva is being regarded as one of the Major Brands in India**”, which has been proven by the existence of strong network of more than 55,000 channel partners across the country for diverse products.

Oreva, the well known brand for lighting products, has been considered as the pioneer of manufacturing of CFLs in India and also achieved the magnificent landmark of “**India's 2nd Ranked Brand**” in terms of Sales Volume of CFL Products in the year 2007 (as per the report of AC Nielsen ORG – MARG Pvt. Ltd., dated 4th February 2008). It later diversified into LED Lighting Products and created its own niche in LED Lighting Industry. It is a well-known fact that “**Oreva is one of the largest manufacturers of Lighting Products in India**” with a massive in-house manufacturing facility to produce **huge variety of LED Lighting Products** such as LED Lamps, LED Tube Lights, LED Down/Panel Lights, LED Spot Lights, LED Strip Lights, LED Flood Lights, LED Hi-Bay Lights, LED Street Lights etc. which are available in a wide range “**from 0.5 watt to 500 watt**”. The Company proudly considers itself as the “**The Power of Technology & Innovation**”. It is a significant factor to highlight that the company has “**largest capacity of manufacturing of LED Flood Lights and LED Street Lights**” with the complete in-house manufacturing facility to produce the entire set of Flood Lights and Street Lights which include die-cast aluminium body, driver, PCB etc. with the help of its various state-of-art equipments. The plant has the own setup of state-of-art R & D Lab with the installation of various testing equipments to inspect quality standards of the products as per BIS norms as well as global standards.

The Company has developed various products to fulfil the necessities of “**Mass Consumer Market**” in India and the core philosophy of the company is to create “**Value for Money**” by providing “**Quality Products at an Affordable Price**” to cater various socio-economic segments of people and it has been instrumental for the accomplishments of the company.

## ORBL-0.5W - LED LAMP

MRP ` 55/-

Blister Packing : 6 Pcs.

1 Carton=60 Pcs.

Master Carton Size: L-335 x W-325 x H-250

### Features :

- Nominal Voltage 220-240V AC, 50Hz ■ B-22 Lamp Holder
- Polycarbonate Colored Diffuser
- Life upto 15000 Hrs. ■ Input Power : 0.5W

### Application

- Night Lamp ■ Decorative Light ■ Corridors ■ Staircase

Colour: White, Yellow, Green, Blue, Red, Pink, Orange, Warm White

Blister Packing

## RADAR SENSOR - LED LAMP

10W RADAR SENSOR	540/-			✓	775lm	76Gm	60 Units	503	410	294	7.98 Kg
------------------	-------	--	--	---	-------	------	----------	-----	-----	-----	---------

### EXCLUSIVE FEATURES OF RADAR SENSOR LED LAMP

- ♦ Motion detected: The light will be on when movement objects goes into the effective area, and the light will be turned off after 90 seconds when the object leaves the effective area or keeps motionless. The light will keep working when he (or it) still moves in that area.
- ♦ Microwave radar sensor switch is the motion of the sensor, not just the human body, but also the movement object. Range of motion detection: 4-5 meters. Easy installation - just like an incandescent bulb.
